Roller Skating**

***Historical Roller  
Skating Overview***

Dear members,

Wow! What a month this has been! With the help of the museum board and many volunteers at the BSA convention, we were able to reach our goal of 500 tickets sold for the 1999 raffle. A total of 506 tickets were sold and a majority of the winning ticket holders were present during the presentation of gifts in San Diego. The \$5000 grand prize winner was Victor Urban from Michigan who donated \$100 back to the museum. Museum board member Robert Bollinger once again proved to be the best ticket seller by selling close to 200 tickets by himself. The complete raffle round-up can be found on pages six and seven.

This month the museum will have extended hours during the last two weekends in June. On Saturdays, June 19 & 26, the museum will be open from 12 p.m. to 4 p.m. and on Sundays, June 20 & 27, the museum will be open from 1 p.m. to 5 p.m. Please note that entrance to the museum is under construction until the end of July, so please use the side streets to park. With the construction ongoing, new signs have been temporarily placed to guide visitors to the entrance.

In Lincoln, every high school senior needs to complete twenty hours of community service to graduate. The museum was chosen by four volunteers to complete their hours including Susannah Bohlke, Scott Hawkins, Nic Johnson and Chris Scheinost. These volunteers organized photographs, photocopied archival materials, arranged news clippings and patches, and inventoried items in the collection. The museum wishes to thank these volunteers for their support.

In April, the museum released our fourth publication in five years, *The Allure of the Rink, Roller Skating at the Arena Gardens, 1935-53*, (ISBN 0-9658192-1-3) by former assistant curator, Sarah Webber. With over fifty images from the collection of the National Museum of Roller Skating, *The Allure of the Rink* illustrates one of America's most famous roller rinks, the Arena Gardens in Detroit, Michigan. The book is sold exclusively by the National Museum of Roller Skating. If you are planning to renew your membership this year, a copy of the book is included with your membership. If you are planning to join the museum, you will have the option of which publication you would like to receive as noted on page seven. For a complete review of the

book, please see the next page.

In August, the United States National Artistic & Speed Championships will take place in Syracuse, New York. The museum will have an exhibit during the artistic portion of the event the first weekend in August. If you are near the area or are planning to attend the event, please stop by the museum's booth.

To make room for new items in the museum store, we will have a T-shirt sale. All T-shirts will be reduced to \$10 each for members to purchase. There are several sizes available, but please call first so we can be sure your size is available. Please see page seven for more information or visit our web site at <<http://www.usarollerskating.com/museum.htm>>.

Have a great summer and please visit the museum soon. Thanks again for your continued support!

THE ALLURE OF THE RINK

The National Museum of Roller Skating is proud to present *The Allure of the Rink, Roller Skating at the Arena Gardens, 1935-53*, (ISBN 0-9658192-1-3). The book is sold exclusively by the National Museum of Roller Skating for \$10 or included with a new Individual/Family Membership for \$35.

The book was written by Sarah Webber, former assistant curator of the National Museum of Roller Skating from the spring of 1997 through the early summer of 1998. During her tenure at the museum, she wrote extensively on the history of roller skating in the United States in the twentieth century.

From the 1930s through the 1950s, Americans met at their local roller rink after work, went roller skating there on dates, and joined their rink's roller skating club. Roller skating reigned as the second most popular participation sport in the country. Millions of people across the United States embraced roller skating. For thousands of Americans, roller skating at their local roller rink became an important, intimate part of their lives.

The Arena Gardens in Detroit, Michigan, like hundreds of other rinks across the United States, served the social and recreational needs of thousands of Detroit residents. Noted across Detroit as well as the United States for its professional staff, skating clubs, organist, and even its refreshment counter, the Arena Gardens quickly attained a legendary status after it opened in 1935. This celebrated roller rink, completely designed

and organized around providing roller skaters with a wholesome and enjoyable experience, represented then as now the model rink in the era of roller skating in the United States.

With over fifty images from the collection of the National Museum of Roller Skating, *The Allure of the Rink* illustrates one of America's most famous roller rinks, the Arena Gardens in Detroit, Michigan.

The museum would like to thank everyone who participated in this year's raffle including those individuals who helped sell tickets including

Annelle Anderson, Nellie Anderson, Bert Anselmi, Kevin Baker, Robert Bollinger, Robert Braun, Danny Brown, Frank Cernik, Marvin Facher, Dave Fleming, Charlotte Groves, Bill Johnson, Bill & Gladys Kelly, Mills Lynn, Bill McDonald, Chuck McDonough, Tim Mitchell, George Pickard, Charles Wahlig and Ed Young.

Nellie Anderson was the official raffle chooser while Robert Bollinger supervised Mills Lynn roll the squirrel cage with the raffle tickets enclosed during the 1999 Museum Raffle.

Gigi Boyd was ecstatic when she found out she won \$100! Gigi Boyd is the Travel & Events Coordinator for USA Roller Skating.

The 1999 Raffle was successful because the individuals listed on this page bought tickets. The National Museum of Roller Skating greatly appreciates their support. The number besides their names indicates the number of tickets purchased if it was more than one.

The latest in technology from the Netherlands, the FINN In-Line Clapskate. With the Clapskate spring, the "Clap" pulls the boot frame back fast and reliably resulting with faster retractions and faster times. The Clapskate was patented with a start mechanism seen on the plate—this allows for the traditional tip start—which unlatches automatically after the start.

The underside of the boot frame can be continuously adjusted longitudinally in relation to the hinge tip which enables the skater to get more power from their calf muscles in the shorter distance events. The cushioning device can be adjusted for increase absorption.

Gift from P.M van der Klok, FINN Skates (99.15.). All donations since the January issue will be recognized in the next issue.
